HEAD TEACHER'S WELCOME

I trust that you are all well and that you have been enjoying the lovely weather that we have been seeing recently – long may it last!

I hope that your children's start to this final half term of the school year has been a smooth one. I cannot believe that we are already in the middle of June, where has the year gone!

I am sure by now that you have all heard the Government's announcement to delay the further relaxing of lockdown restrictions from June 21st. As I have stated previously in communications, we follow the guidance provided by the Department for Education and Public Health England and are guided by this before making any changes to the measures that we have in operation at school.

At the moment, schools have been told that we must maintain all of the current prevention measures that are in place. This is, of course, very disappointing as I was hopeful that we would be able to enjoy more of the 'normal' end of term activities. This may have an impact upon parents being able to attend Sports Days, I will however be liaising with governors and the Local Authority to see if there is any room for manoeuvre with this and will let you know as soon as possible.
Thank you for your patience.

I am in the process of finalising staffing for next September, and I will share this with you all soon. Please be aware that for September, classes will be mixed up across their year group and so your child will not be in the same class as all the others they are with currently. My staff and I will determine which children go in which class based upon our knowledge of the children and how they work in school. Please note, my decision will be final on this, and I am not open to bribery, pleading or arm twisting to change it!

Again, in light of the delaying of Covid restrictions being lifted, I am having to re-think our approach to transition this year. As soon as details are finalised I will, of course, share these with you.

Take care and stay safe everyone

Vicky Nussey

SPOTLIGHT ON VALUES: TEAMWORK

As we look ahead to Sports week, I think it is apt that this fortnight's Values focus is teamwork.

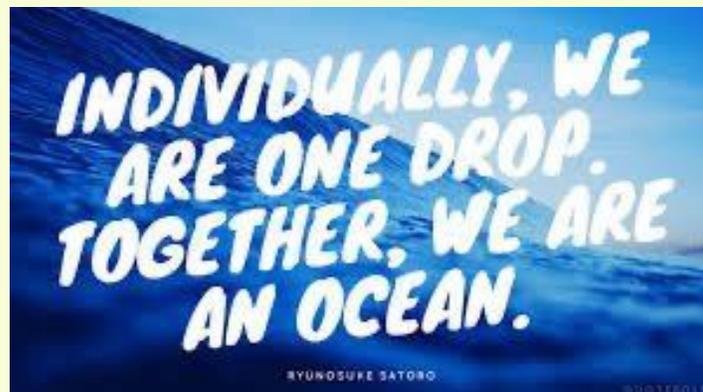

For children to achieve a comprehensive, well-rounded education, integrated teamwork on several fronts is vital. Teamwork is necessary between pupils, between pupils and teachers, and among parents and teachers. The more teamwork fundamentals exhibited, the more opportunity exists for students to learn vital skills of compromise and collaboration.

Teachers and Parents

Parents play a vital role in a child's education, particularly during the formative years. When teachers and parents act as a team, it can reinforce positive behaviours and learning skills developed in the classroom and practised at home. When pupils see teachers and parental figures working together, they learn to value education and get academic and behavioural support both inside and outside the classroom. Parent-teacher teams that communicate well can share information about the student and help devise ways to individualise learning approaches to best meet the child's needs.

Pupil Collaboration

Team or group work in a classroom teaches children the fundamental skills associated with working as a collective unit toward a common goal. This type of teamwork introduces a variety of skills that will be valuable for pupils later in the workforce, such as communication, compromise and collective effort. In any type of group work, pupils must agree about who will handle various components of a project and work in tandem using one another's strengths to accomplish assigned tasks. This teaches time management, resource allocation and communication skills.

ALL THINGS COVID

NHS - Symptoms of coronavirus

If you have any of the main symptoms of coronavirus (COVID-19), get a test as soon as possible. Stay at home until you get the result.

Main symptoms:

The main symptoms of coronavirus are:

- a high temperature
- a new, continuous cough (if you usually have a cough, it may be worse than usual)
- a loss or change to your sense of smell or taste – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

What to do if you or your child has symptoms:

If you have any of the main symptoms of coronavirus:

1. Get a test to check if you have coronavirus as soon as possible.
2. You and anyone you live with should stay at home and not have visitors until you get your test result – only leave your home to have a test.
3. Do NOT attend school but call us to let us know

Anyone in your support bubble should also stay at home if you have been in close contact with them since your symptoms started or during the 48 hours before they started.

If anyone in your household (people who live with you) is having a test or awaiting test results then your children should not attend school.

Get a test to check if you have coronavirus on [GOV.UK](https://www.gov.uk)

Wellbeing referral

Should you feel that you or your child requires any additional support, your child's class teacher should be your first contact point. If this is not possible please feel free to contact the school Pastoral team, Miss Spiers or Miss Green, or our Paget Mental Health and Wellbeing lead, Mrs Ewbank for support. We are always here to listen. There will be things we can do to further and support you.

Please share any of ideas you have of your children looking after their mental health on our twitter @pagetprimary and use the hashtag #pagetwellbeing

Stay safe in both body and mind
